

Memorandum

ate December 21, 1982

From Director
Centers for Disease Control

Subject Workgroup to Formulate Recommendations for Prevention of Acquired Immune
Deficiency Syndrome (AIDS)

To Invitees

Dr. Edward N. Brandt, Jr., Assistant Secretary for Health, has requested that the Public Health Service convene a group of experts to formulate recommendations for the prevention of AIDS with special emphasis on possible transmission through blood and blood products. We request that you or your representative attend a 1-day meeting at the Centers for Disease Control in Atlanta on January 4, 1983. An agenda and background material are attached.

Thank you for your willingness to participate in these discussions.

William H. Foege, M.D.
Assistant Surgeon General
